

Woodford Golf Club

Associate Membership Scheme

What is Associate Membership?

Simply, it is an innovative scheme which allows you to become a member of our golf club as cheaply as possible, allowing you to interact with the club as much or as little as you feel comfortable with.

Objective of the scheme

For the club, the objective is to bring in new members, generally golfers who should experience club golf, and to break down the myths about golf club membership.

At the same time, you are offered club membership where you decide to interact with the club as much or as little as you wish, while offering you great value golf at discount rates.

The key for the associate member is value for money. £200 gives you golf club membership and many of the benefits that come with it, and is completely redeemable by playing golf at Woodford Golf Club. We hope you will interact with the club and find membership nothing short of enjoyable, with the option of using the £200 as a season ticket for golf at discounted rates completely at your disposal.

Why take up the membership?

From the simplicity of the application process to using the membership it offers the golfer unparalleled value in golfing terms while including many features of full club membership.

The benefits to you

- 1) The £200 membership fee is completely redeemable, offering discounted rates of up to 35% compared to normal green fee rates, provided you use up your "season ticket" within 12 months of joining.
- 2) On becoming an associate member, you will be eligible for a bar card offering discounts on all beverages purchased at the bar; don't forget the club's facilities - including participation in social events - will also be available to guests and family.

please note:

- this scheme is not available to past and present members of Woodford Golf Club within 3 years of resigning membership
- the £200 membership fee is non-refundable

Woodford Golf Club

Associate Membership Scheme (cont'd)

How does it work?

Once you have paid the £200 membership, you will receive a membership pack, which will include a bag tag showing your membership (which must be displayed at all times on the course) and a club diary. You will be invited to an informal meeting with Adam, the club professional, who will show you around the club. This will take no longer than 10 minutes, at a time of your convenience.

You will now have £200 “credit” for playing golf, which will be debited, each time you play, by the Members’ Guest Rate for green fees prevailing at the time of play (currently £13 for 18 holes, or £10 for 9 holes). *Remember these are guest rates, saving up to 35% on regular green fees. These rates may change during a membership period.*

The procedure is simple: a phone call to or contact with the Pro Shop, before you play, so your account can be updated.

Contact Adam on 07734-928407 or 020-8504-4254

Note: the £200 lasts up to one year from purchase or until the credit has been used up, whichever is the sooner. At that point you can rejoin the scheme, or you could apply for full or intermediate membership at any time.

The same restrictions on course availability apply as for regular green fees.

Upgrade to full membership/intermediate membership

It is always possible to upgrade to full or intermediate membership on payment of the appropriate subscription for the balance of the playing year (currently the calendar year, for full membership, or for 12 months for intermediate membership). Any credits outstanding under the associate membership scheme can be used as part of that payment.

It is not possible to revert to associate member status, having been a full member, without a 3-year gap, but it is possible to go from intermediate to associate membership.
